

Laser Clay Shooting...

AT MELDRUM HOUSE HOTEL

Enjoy laser clays, set within the croquet lawns of our picturesque estate.

After some valuable information and advice from our instructor, up to five players at a time will be handed a 12-bore shotgun. Simply focus your sharpshooting skills on the fluorescent flying clays. Make it as competitive as you like against your fellow players and watch as the scores rack on the digital scoreboard, tracking every successful hit.

With no recoil and no loud gunfire, each gun fires a harmless infra-red beam, so it's a great opportunity to get outside and have some fun.

At dusk there is an opportunity to continue shooting with luminous clays. A camera flashgun is attached and as each target is hit, the clays flash against the night sky.
